Hey there!

The main ingredient of [Cenforce 150](#) is Sildenafil Citrate. The drug is mainly used to treat chronic ED in adult men. Cenforce can help improve impotence in men.

This pill is much cheaper than other brand variants of Viagra and Sildenafil. So, it does not hurt your pocket too much even if you have to take this medicine for a long time.

3

Which helps in increasing blood flow to the penile tissues and getting a more sensitive penis.
